Inclusive Play®

IP21 The Lollipop

Materials Densetec XD recycled HDPE

Welcome to your playground, there are lots of opportunities for you and ALL your friends to play here.

This conveys the inclusion message in one sign. It is part of the Inclusive Play campaign to help families and carers identify inclusive and accessible playgrounds around the country.

In 2012 and 2013 KIDS, the disabled children's charity, carried out research that identified less than 50% of visitors to playgrounds felt there were activities suitable for their children. Not only was it found that few play areas were accessible, but they also did not know how to find out about the ones that were, most citing that they would find out from the school or from other parents.

If your play area has been designed to be inclusive and can be proven through our online assessment or from feedback from your local users and disability group - why not shout about it with this sign and register your playground with us at; www.inclusiveplay.com!
