The hammock-shaped play equipment provides children an exciting balancing exercise, a swing, and a gathering place. The sturdy net of the hammock is made of steel-reinforced rope with metal connectors, ensuring a long lifecycle and safety. The tight mesh allows participation for players with physical challenges also. The suspension ropes to the posts are measured for optimal lateral movement.

User age	2+
Number of users	2
Product length, mm	3500
Product width, mm	720
Product height, mm	1680
Impact area, m ²	15
Falling space, m ²	15
Height required, mm	1700
Max. free fall height, mm	1000
Safety info	EN 1176-1 TÜV
Installation time (for 1), H	1
Foundation options	deep_mounting surface_mounting
